## 1.0 Club COVID -19 Response Plan and Oversight Team

The Club COVID-19 Oversight Team was created to oversee the implementation of the COVID-19 health and safety guidelines within the club including the oversight of the COVID-19 response protocols, which provide direction in a situation where a club member tests positive for COVID-19.

The COVID-19 response plan will be forwarded to all coaches, managers, and parents of players for review along with the Health Screening checklist questions. Coaches will be supplied Health Screening checklists with all participants of their team for review of the Health Screening questions.

Club members can contact one of the members of the Oversight Team regarding questions about the Return to Play Protocols or the Club Covid-19 Response Plan.

Club Oversight Team	Position	Contact Information
Kris Parnham	President (Lead)	Info@orilliasunsvolleyball.com

## 2.0 Club COVID-19 Protocols

### 2.1 Completion of OVA Volleyball COVID-19 WAIVER

All individuals participating in club activities must complete the Ontario Volleyball Acknowledgement, Release, Indemnity and Assumption of Risk regarding COVID-19 (COVID-19 Waiver) or have a signed COVID-19 Waiver on file with Ontario Volleyball via MRS. Failing to do so disqualifies the member from attending or participating in all club activities. This includes athletes, coaches, staff, board members, volunteers, and officials.

### 2.2 Health Screening

On the day of each club activity, each member must self-screen using the current Health Screening questionnaire (OVA Appendix F) which is available on the Orillia Suns Website. Any member that answers “Yes” to any of the questions on the questionnaire may not attend the activity. They will notify the club immediately as per the COVID response protocols (Section 2.4).

Additionally, each member will be actively screened upon arrival at the facility by the Team coach or their designate. The result of the screening will be recorded on a Health Screening Tracking Sheet. The tracking sheet will be collected by the Lead and submitted to the Screening Oversight Manager for scanning and retention.

### 2.3 Activity Tracking of Members

Participation of all members will be tracked using the Health Screening Sheet as a negative option check list.

Members not in attendance for the given event will be crossed off the list. The Screening Oversight Manager will keep the Screening Sheets on file and access the information in the event of a positive COVID-19 case to assist the Public Health Unit with contact tracing.

### 2.4 COVID Response Protocols

**Participant fails Health Screening or is unwell with COVID-19 symptoms.**

If any participant fails the Health Screening or is unwell with COVID-19 symptoms they shall:

- Player - Immediately notify Team Coach
- Coach - Notify COVID Oversight Team
- Not attend the scheduled activity

- Contact their local health care provider, Telehealth (1-866-797-0000), or access Ontario COVID's website ([covid-19.ontario.ca](https://covid-19.ontario.ca)) for information or direction regarding self-isolation and testing.
- Not participate in any future club activities until direction is provided by Public Health or their health care provider.

If a member arrives at the event and fails the screener, they will be isolated from all other participants and immediately sent home.

The Team Coach or their designate will:

- Inform the player that they will be contacted by the Club Oversight Team
- Email the COVID Oversight Team and inform them of the situation
- Ensure incident is marked on the Health Screening Sheet.

The COVID Oversight Lead or their designate shall:

- Contact the affected club member to determine the next steps (self-isolation, testing etc.) and inform the Oversight team if their testing is positive.
- If the affected member attended the facility, notify the facility manager to determine if any areas need to be closed off or disinfected in conjunction with the facility's protocols.
- Confirm that the Health Tracking Sheet reflects the screening failure.

Club Member Tests Positive for COVID-19:

If a club member tests positive for COVID-19, they shall:

- Immediately contact the COVID-19 Oversight Team
- Not participate in any club activities or be in close proximity of other club members until they are cleared by Public Health or their health care provider

The COVID-19 Oversight Team Lead or their designate will:

- Update the Team Coach regarding the situation
- Confirm with the affected club member that Public Health is aware of the positive test and confirm the name of the Public Health contact
- Contact Public Health and respond to any request to support contact tracing
- Use the Health Screening Sheets to assist Public Health in the process of informing other club members that may have been in close contact with the individual

#### Return to club activities following illness/failed health screener:

- The club member may only return to club activities once they have completed their 14 days of isolation and pass the health screener; or if they have been tested, have a negative COVID test result
- Exception – as per the COVID-19 Screening Tool for Children in School and Child Care (Version 1, October 1, 2020), if player had answered “Yes” to only one of the symptoms
- If the symptom is improving, may return to club activities if feel well enough to do so and has returned to school
- A negative COVID-19 test is not required to return

#### Return to club activities following Positive Case of COVID-19

- Following a positive COVID-19 test, an individual must follow all public health guidelines regarding self-isolation and return to activities
- A club member is not permitted to return to club activities until they are cleared by Public Health or their health care provider

## 3.0 COVID-19 Communication Plan

### 3.1 Modification/Restriction/Postponements or Cancellations of Club Activities

- Based on the evolving COVID-19 pandemic, the Orillia Suns are committed to following public health, municipal/provincial government and sport recommendations regarding modifying/restricting/postponing or canceling activities
- Coaches, players and families will be notified by email if cancellations are required or deemed appropriate by the club, facility or health authorities

### 3.2 Communication of Club Members of Positive Case

The COVID Communications designate shall:

- Coordinate with the COVID Screening Oversight Manager to identify the likely scope of the individual's contacts and ensure accuracy of information to be communicated
- Notify all coaches, players and families that a positive case has been identified, and provide the following information, without revealing their identity:
  - Team of the individual
  - Recent dates, times and facilities at which that player has practiced
  - Date of the positive test
- Notify the facilities at which the player has participated in recent activities
- Notify the OVA that a positive case has been identified within the Orillia Suns club
- Contact the local health authorities to offer assistance with Contact Tracing, assisted by the COVID Screening Oversight Manager
